

Corporate Synergy: The Key to Executive Sleep

Many private and public organisations are under-performing on a range of benchmarks profits are low, service delivery is lacking, staff have become demoralised, and environmental damage is being caused. Corporate Synergy is a tried and tested method that allows every person in an organisation to perform to their full potential to match customer expectations, benefit the broader community, and deliver to the organisation its defined returns in terms of profits or performance criteria. Corporate Synergy is a way of doing business better for the sake of your financial bottom-line, your people, your customers, your community and our environment. Its about using resources effectively to deliver the best possible products and services to an ever-changing global marketplace in a sustainable manner. In this groundbreaking book, successful consultant Ian Douglas explains how to make Corporate Synergy the driver every organisation needs to meet its competitive and environmental challenges.
