

## Hope Falls: Wildest Dreams (Kindle Worlds Novella)

Shes looking for a future with roots from her past For Alesha Reed, coming back to Hope Falls is bittersweet. Twenty years ago it was her home, but that was when her family was still together. Now shes returning to take over her fathers beloved book store Read Between the Lines while he deals with a health crisis. For years Alesha longed for the town, the people, the sense of belonging she once felt and shes ready for her fresh start amidst the familiar.

Hes seeing an important part of his past as a key to his future Reece Brooks has called Hope Falls home for most of his life, but when the opportunity arose to give him a little breathing room from the close-knit community, he took it. Its normally business-as-usual when he comes home for a visit, so imagine his surprise when this visit home brings him face to face with the first girl to ever break his heart. Granted, they were only seven years old at the time, but still. Fate has brought the girl hes never forgotten back into his life. Unfortunately, Reece is only in Hope Falls for a limited time and Aleshas ready to lay down roots there. Can you really find your soulmate at the age of seven or walk away when you find them again? In their wildest dreams, Reece and Alesha never imagined that their first love would be their greatest love.
