

Why You Really Hurt: It All Starts in the Foot

Why You Really Hurt is the story of how one bone in your foot could be the real reason for pains thru out your whole body. This book is important because it offers the public new information about why millions of people suffer everyday with aches and pains, and offers new hope to get rid of problems they believed they would have to live with for ever. Mortons Toe can cause the following problems; back pain, hip pain, knee pain, leg pain, plantar fasciitis, calf pain, fibromyalgia, arthritis, corns and calluses, bunions, fallen arches, ankle pain, heel pain, arch pain, weak ankles, hammer toes, tired feet (all over), neuromas, burning feet, shooting pains in the toes, stress and march fractures, night cramps (restless leg syndrome), temporomandibular joint pain (TMJ), diabetic foot ulcers. Millions of people suffer every day, with these torments and do not know why. I believe that in many cases Mortons Toe is the explanation for this WHY, and the reason for aches and pains not only in their back, knee, and hip but also in alot other places in their body.
